

DIRECTOR OF CENTRAL INTELLIGENCE
Intelligence Producers Council
Washington, D.C. 20505

IPC 7551/88
25 August 1988

25X1

MEMORANDUM FOR: Director, Office of Information Resources,
Deputy Director For Intelligence

FROM:

[Redacted]
Chief, Intelligence Producers Council Staff

25X1

SUBJECT: [Redacted]

FY 1989/90 Production Enhancement Initiatives;
Peer Review

25X1

1. The attached proposals are requests for funds from the DCI's Production Enhancement Initiative (PEI) program. The proposals, submitted by Community organizations, detail research and development efforts intended to improve overall intelligence analysis and production. [Redacted]

25X1

2. Before these proposals for PEI funding can be acted upon, a peer review is required. We request that appropriate individuals from your organization review the attached PEI proposals and provide us with your comments and recommendations. We are interested in your views on each proposals as to its originality, validity of concept, adequacy of funding requested, and value to the Community. A copy of the PEI Criteria is attached to assist you. [Redacted]

25X1

3. Please provide your response to the Intelligence Producers Council Staff (IPCS) by 23 September 1988. Queries may be directed to [Redacted] IPC Staff, [Redacted]

CRITERIA FOR FUNDING PRODUCTION ENHANCEMENT INITIATIVES

Prospective proposals should be relevant to the DCI's guidance, i.e., offer new, innovative, and speculative ways to improve the quality of intelligence production by improving the analytic process. This could be in the form of the development or modification of a methodology, demonstration of an analytic concept or hypothesis, creation of a model, etc. The proposals should focus on solving analytic problems related to some of the highest DCI priorities

25X1

etc. Automatically excluded for consideration would be proposals related to: analysts taking "area familiarization" TDYs; the buying of off-the-shelf hardware or software to augment current organizational analysis, graphics or audiovisual presentation techniques, the "technical" collection of intelligence, etc. A goal of the PEI program is to make the benefits of the projects available to the Intelligence Production Community as a whole.
